### COMMENTARY OF THE DIRECTORS FOR THE YEAR ENDED 31 MARCH 2023

The directors present their report and the audited financial statements of IL&FS Investment Advisors LLC (the "Company") for the year ended 31 March 2023.

### PRINCIPAL ACTIVITY

The principal activity of the Company is to provide investment management services to Tara India Fund III, LLC ("Tara III"), Saffron India Real Estate Fund I ("SIREF I") and the Special Purpose Vehicle of Tara III.

#### RESULTS

The results for the year are shown in the Statement of Profit or Loss and Other Comprehensive Income and related notes. The directors did not paid any dividend during the financial year ended 31 March 2023 (2022: USD2,000,000) to the Redeemable Preference Shareholder.

### **DIRECTORS**

The present membership of the Board is set out on page 2.

### **DIRECTORS' RESPONSIBILITIES**

Company law requires the directors to prepare financial statements for each financial year which present fairly the financial position, financial performance and cash flows of the Company. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable International Financial Reporting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business at the foreseeable future.

The directors have confirmed that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Mauritius Companies Act 2001. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# COMMENTARY OF THE DIRECTORS FOR THE YEAR ENDED 31 MARCH 2023

### **DIRECTORS' RESPONSIBILITIES (CONTINUED)**

The directors have made an assessment of the Company's ability to continue as a going concern as explained in note 19.

### **AUDITORS**

The auditor, **HLB Appavoo & Associates**, has indicated their willingness to continue in office until the next Annual Meeting.

### CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED 31 MARCH 2023

The Board ensures that the Company is in compliance with the rules of the National Code of Corporate Governance (the "Code") as issued by the National Committee on Corporate Governance on 13 February 2017 and which is effective as from reporting year ending 30 June 2018. The Board has adopted a Corporate Governance Framework which is based on the eight principles of the Code and guidance therein in line with the nature of its business, operations and size. The Board considers that it has maintained appropriate policies and procedures during the year ended 31 March 2023 to ensure compliance with the Corporate Governance Framework of the Company.

The eight principles of the Code have been implemented as detailed below:

### 1) Governance Structure

The Company has obtained a Global Business Licence ("GBL") and a Financial Services Licence / Authorisation letter ("FSL/Authorisation letter") from the Financial Services Commission ("FSC") on 8 February 2006. As part of the Corporate Governance Framework which the Board has adopted, the Company has also adopted a Board Charter, which clearly defines the role, function and objectives of the Board of Directors, the various committees in place, as well as that of the Secretary, Apex Financial Services (Mauritius) Ltd (formerly known as "SANNE Mauritius").

The Company has in place a Constitution adopted on 24 November 2005, as amended through shareholders' resolution dated 7 March 2008 and 30 July 2010, which sets out the rights, powers, duties and obligations of the Company, the Board, each director and each shareholder which it needs to abide along with other local laws and regulations.

In addition, in line with the Securities Act 05 ("SA 05"), the Company has adopted a Code of ethics on 28 October 2009, which sets out general statements on principles of ethical conduct towards stakeholders. The Board reviews the suitability and effectiveness of the Code of ethics at least once per year.

The Board ensures that objectives of the Company are being met through the implementation of adequate policies and processes that lead to value-creation. The Board also manages and controls the organisation and is collectively responsible for its long-term success, reputation and governance. In so doing, the Board assumes responsibility for meeting all regulatory and legal requirements including the following:

- (i) Determines, agrees and develops the Company's general policy on corporate governance in accordance with the Code;
- (ii) Deliberates and resolves on all aspects of corporate governance and new Board appointment;
- (iii) Prepares corporate governance reports; and
- (iv) Reviews the terms and conditions of all service agreements between the Company and service providers.

### CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED 31 MARCH 2023

1) Governance Structure (continued)

The profiles of the Board of Directors are set out as follows:

Mr Manoj Borkar – Manoj has more than 35 years of experience in accountancy, audit, operations, tax, systems, processes and other related functions in financial services including private equity fund and investment structuring; 26 years of experience in private equity fund management. He joined IL&FS Group in 1991 and is one of the founding members of the IL&FS Alternative Assets practice. He was instrumental in setting up the internal control systems and procedures, developing operating procedures for funds and is closely involved in the fund structuring and fund raising activities of IL&FS Investment Managers Limited ("IIML") and negotiating and finalising legal structures and documentation of the same. He started his career with SB Billimoria & Co as Audit Manager. Manoj joined IL&FS in the accounts department, moving to the operations department and then working as Executive Assistant to the Director (Finance). He worked closely with setting up joint ventures and other special purpose companies of IL&FS. He has worked with the IT Systems Group in developing accounting software. Manoj represents IIML on various subsidiary Boards and has received a Bachelor of Commerce degree in Accounting from the University of Mumbai (India) and is a fellow member of The Institute of Chartered Accountants of India.

Mr Ramanand Guzadhur – Ramanand currently holds the position of Director at Apex Financial Services (Mauritius) Ltd ("Apex"). He is a Fellow of the Institution of Chartered Secretaries and Administrators, a Fellow of the Association of Chartered Certified Accountants, and graduated with a BA (Hons) Economics from the University of Delhi, Delhi India. He is also a member of Mauritius Institute of Directors, Member of the Society of Trust and Estate Practitioners and he is registered as a professional accountant with the Mauritius Institute of Public Accountants. Prior to joining Apex in 2021, he was with Citco (Mauritius) Ltd as director with overall responsibility for client operations, spanning a client base of over 1,000 client entities.

Ms Sateeta Jeewoolall - Sateeta currently holds the position of Director at Apex Financial Services (Mauritius) Ltd ("Apex"). She is a Fellow of the Association of Chartered Certified Accountants, UK and graduated with a Bachelor of Science in Economics (Hons) from the University of Mauritius. Prior to joining Apex in September 2003, she was with PricewaterhouseCoopers (Mauritius) in the Audit department. At Apex, after heading a group responsible for administration and accounting of Private Equity Funds and global business companies for several years, she has joined the Onboarding and Structuring team. Over the years, she has developed in-depth knowledge of the financial services sector coupled with practical know-how on the operations, regulatory and compliance aspects for global business entities. She sits on the Board of a number of global business companies and investment funds.

### CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED 31 MARCH 2023

### 2) Structure of the Board and its Committees

The Board currently comprises of Mr Manoj Borkar, Mr Ramanand Guzadhur and Ms Sateeta Jeewoolall. The Board meets as and when required to discuss routine and other significant matters so as to ensure that the directors maintain overall control and supervision of the Company's affairs. In line with the requirement of the Financial Services Act 2007, all the meetings of the Board have been attended by the 2 resident directors or alternates and in line with the Constitution of the Company, all Board meetings were quorate and have been held, chaired and minuted in Mauritius.

The directors of the Company possess relevant qualification, experience and sufficient knowledge of the financial sector in general to contribute positively to the Board's activities. The directors are also aware of their continuous development and regularly attend professional development trainings, seminars relating to the industry in which the Company operates, among others.

The Board considers that its current size and composition are appropriate for the type of activity in which the Company is engaged and for the effective discharge of the Board's responsibilities.

The Board considers its current gender composition to be appropriate, which it shall reassess as required.

Due to its size and nature of business as well as being a private company, there are no independent directors.

To further assist the Board in its functions, a committee of directors has been set up and delegated with the following specific tasks:

- finalise all routine matters concerning the day to day running of the Company and/or arising out of the contracts approved in the meeting;
- > consider, deal with and determine any other matters arising out of or in connection with the issue, transfer and redemption of shares in accordance with the terms of the Constitution;
- > approve the issue, allotment and redemption of shares;
- > approve interim management accounts or financial statements to be filed with the Financial Services Commission;
- > consider and approve empanelment of brokers or appointment of referrers and any other parties to facilitate the regular operational activities of the Company; and
- consider, deal with and approve any other matters regarded as routine operational and administrative matters by the Company.

### CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED 31 MARCH 2023

### 2) Structure of the Board and its Committees (continued)

The minutes of the Committee meetings and decisions taken therein for the period under review have been duly reviewed and ratified by the Board on 3 February 2023.

### 3) Director Appointment Procedures

During the year under review, Mr Ramanand Guzadhur was appointed as director in replacement of Ms Rubina Toorawa and the appointment of director have been effected in accordance with the Constitution of the Company subject to receipt of customer due diligence documents on the latter, in line with the Code of prevention of Money Laundering and Terrorist Financing, issued by the FSC. In addition, FSC approval has been duly received prior to the appointment of the above mentioned directors.

On a yearly basis, the shareholders take note of directorship at the annual meeting of the Company.

Any new induction to the Board goes through close scrutiny of, inter alia, the candidate's calibre and expertise required for the position - an induction program is therefore not applicable.

### Company Secretary

The Company Secretary has an advisory role in all governance-related matters concerning the Company and acts as the main point of contact for the directors and shareholders, should they require guidance on their statutory responsibilities.

The principal functions of the Company Secretary include supplying the Board with high quality and timely information, collaborating with the Board in the preparation of agendas and coordinating the information flow between the directors.

Apex Financial Services (Mauritius) Ltd has been appointed by the Board as Company Secretary since incorporation of the Company.

### 4) Directors Duties, Remuneration and Performance

The directors of the Company are aware of their duties under the Companies Act 2001 and the Constitution of the Company and exercise sufficient care, diligence and skills for the good conduct of the business. The directors are also guided by the Board Charter of the Company, which will be re-assessed on annual basis by the Board.

The Board meets regularly (frequency depending on nature of business and operations) to discuss and approve the Company's operational, regulatory and compliance matters. The directors are provided appropriate notice and materials to help them in their decision-making.

### CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED 31 MARCH 2023

4) Directors Duties, Remuneration and Performance (continued)

The Company Secretary will henceforth facilitate self-evaluation of the Board at regular intervals.

A register of interests is kept by the Company Secretary and is updated on a regular basis. The register is also available to the shareholders of the Company upon request to the Company Secretary.

Directors disclose promptly any direct and indirect interest in contracts or transactions with the Company. All related party transactions are disclosed in the annual audited financial statements.

The Company, in line with the SA 05, has adopted a Policy for Conflicts of Interest – same was last re-assessed by the Board on 10 May 2021. Any transaction potentially involving a conflict of interest is conducted in accordance with the Conflicts of Interest Policy and the Code of Ethics. The Company has adopted a Code of Business Conduct on 29 June 2016, which also provides guidance on how to avoid any conflict of interest or potential ones and disclose promptly if it cannot be avoided.

Remuneration of directors is approved by the Board before any making any disbursement and is in line with agreements in place. The Board is satisfied that no remuneration committee needs to be set up for guidance on remuneration process for the Company.

The Company Secretary has effective IT policies and strategies in place, and ensures that correct, timely and clear information flows to the Board as and when required. Such IT policies and strategies are subject to an annual audit.

The directors ensure strict confidentiality with respect to information obtained while exercising their duties.

### 5) Risk Management and Internal Control

The oversight of risk management and internal control activities, either at the level of the Company or its service providers, is currently delegated to the Board of directors which regularly reviews the effectiveness of the internal control and risk management systems of the Company. The Board also reviews the performance of the external auditors and approves any proposed discharge of the external auditors when circumstances warrant. Additionally, with the direction of the Board, management has developed and implemented appropriate frameworks and effective processes for sound management of risk.

# CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED 31 MARCH 2023

### 5) Risk Management and Internal Control (continued)

In line with the SA 05, the Company has adopted an Internal Control Procedure Manual ("Manual") on 28 October 2009 and updated on 25 November 2013, which has to be re-assessed on an annual basis. The Manual was last re-assessed by the Board on 20 May 2022.

The Board is ultimately responsible for the Company's system of internal control as well as implementation, maintenance and monitoring of the internal control in place. The Board confirms that it will continue to identify, evaluate and manage the various risks faced by the Company.

Day to day activities are undertaken by the Secretary, Apex Financial Services (Mauritius) Ltd ("Apex"), which needs to ensure that the necessary structures, processes and methods for identifying and monitoring any risks are in place. Hence, the Company relies on the internal controls of Apex which is subject to an internal control review and reporting by external auditors. On a yearly basis, an ISAE 3402 Type II Audit is conducted and the latest report was issued on 15 June 2022. Moreover, Apex has a whistle blowing policy in place.

The Company has contracted a Directors & Officers Liability, Professional Indemnity & Crime Insurance cover for its directors and officers from SICOM General Insurance Ltd. The current insurance policy was extended till 16 November 2021. The Company was unable to renew its insurance cover and the Board of the Company had accordingly approved in its board meeting held on 31 July 2020 to keep USD1 million as fixed deposits to act as guarantee in the absence of an insurance cover. The FSC was informed of the above on 20 August 2020.

### 6) Reporting with Integrity

The directors are responsible for preparing financial statements of the Company that fairly present the state of affairs and financial position of the Company on a regular basis in accordance with applicable law and regulations. Given the nature of its activities, the Company has no environmental or social or health and safety impact and these are therefore not assessed in the financial statements. Further, the Company has no corporate social responsibility policy in place and has not made any donation so far.

The financial statements have been prepared under the International Financial Reporting Standards, which is a Generally Accepted Accounting Principles.

The annual and quarterly interim financial statements are tabled for review and approval by the Board of Directors and/or committee of the Board of Directors respectively before filing with the Financial Services Commission within the statutory deadlines.

The directors make an assessment of the Company's ability to continue as a going concern and same is disclosed in the financial statements every year.

### CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED 31 MARCH 2023

### 6) Reporting with Integrity (continued)

The Internal Control Procedure Manual also describes the Company's culture, ethics and values.

The directors are responsible for the preparation and fair preparation of the financial statements in accordance with the requirements of the Mauritius Companies Act 2001 and under International Financial Reporting Standards and for such internal controls as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

The external auditors are responsible for reporting on whether the financial statements are fairly presented.

### 7) Audit

In line with the Financial Services Act 2007, the financial statements of the Company are audited by HLB Appavoo & Associates, appointed following approval of the FSC on 21 November 2019. The re-appointment of HLB Appavoo & Associates was done at the annual meeting of the Company.

An audit plan is prepared by Apex Financial Services (Mauritius) Ltd and agreed with the auditors for the audit of the annual financial statements.

The fees payable by the Company to HLB Appavoo & Associates for audit services for the financial year ended 31 March 2023 amount to USD7,500, exclusive of VAT. HLB Appavoo & Associates provides only audit services to the Company.

Due to the nature of activities of the Company, no audit committee has been set up and there is no internal audit function. The Board adheres to the principles of the Internal Control Procedure Manual adopted by the Company.

### 8) Relations with Shareholders and other Key stakeholders

The Board is responsible for directing the affairs of the Company in the best interests of its shareholders, in conformity with the legal and regulatory frameworks and consistent with the Company's Constitution, best governance practices and in line with Mauritius Companies Act 2001. Any queries raised by the shareholder/stakeholder are attended to by the Secretary or the directors, as applicable.

# CORPORATE GOVERNANCE REPORT FOR THE YEAR ENDED 31 MARCH 2023

8) Relations with Shareholders and other Key stakeholders (continued)

The annual meeting of the shareholders of the Company will be held by 30 September 2023 to adopt the audited financial statements of the Company for the year ended 31 March 2023. Notice of this meeting will be sent within the deadline stipulated in the Constitution of the Company.

As at 31 March 2023, the stated capital of the Company comprised of 57,001 Ordinary Shares of par value of USD 1 each. The shares are held by IL&FS Investment Managers Limited, a listed company based in India.

# IL&FS INVESTMENT ADVISORS LLC FOR THE YEAR ENDED 31 MARCH 2023

# DIRECTORS' STATEMENT OF COMPLIANCE WITH NATIONAL CODE OF CORPORATE GOVERNANCE ("CODE")

Throughout the year ended 31 March 2023, to the best of the Board's knowledge, the Company has complied with the Code. The Company has applied all of the principles set out in the Code and explained how these principles have been applied.

Director

Date: 18 May 2023

# CERTIFICATE FROM THE SECRETARY UNDER SECTION 166 (d) OF THE MAURITIUS COMPANIES ACT 2001

We certify, to the best of our knowledge and belief, that we have filed with the Registrar of Companies all such returns as are required of **IL&FS Investment Advisors LLC** under the Mauritius Companies Act 2001 during the financial year ended 31 March 2023.

For Apex Financial Services (Mauritius) Ltd

Page 15

### Independent Auditors' report to the shareholder of IL&FS INVESTMENT ADVISORS LLC

### Report on the Audit of the Financial Statements

### Opinion

We have audited the financial statements of IL&FS INVESTMENT ADVISORS LLC ("the Company") set out on pages 19 to 55, which comprise the statement of financial position as at March 31, 2023, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) and the requirements of the Mauritius Companies Act 2001.

### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter - Basis of Accounting**

We draw attention to note 3(a) to the financial statements, which describes the basis of accounting. These are the Company's statutory financial statements and have been prepared with the requirements of the Mauritius Companies Act 2001 applicable to a company holding of a Category 1 Global Business Licence. Our opinion is not modified in respect of this matter.

### Other Information

The directors are responsible for the other information. The other information comprises the Corporate Data, Commentary of the Directors, Corporate Governance Report, Directors' Statement of Compliance with National Code of Corporate Governance and Certificate from the Secretary but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

TEL: +(230) 203 3900

### Independent Auditors' report to the shareholder of IL&FS INVESTMENT ADVISORS LLC

### Other Information (Continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Directors for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with the requirements of the Mauritius Companies Act 2001 applicable to a company holding of a Category 1 Global Business Licence, as described in note 3(a) to the financial statements and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Company's internal control.

### Independent Auditors' report to the shareholder of IL&FS INVESTMENT ADVISORS LLC

### Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events in
  a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the business
  activities within the Company to express an opinion on the financial statements. We are responsible
  for the direction, supervision and performance of the Company audit. We remain solely responsible
  for our audit opinion.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, then we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Mauritius Companies Act 2001, we report as follows:

- we have no relationship with, or any interest in, the Company other than in our capacity as auditors;
- we have obtained all information and explanations that we have required; and in our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

### Financial Reporting Act Circular Letter CL280218

Our responsibility under the Financial Reporting Act Circular Letter CL280218 is to report on the compliance with the Code of Corporate Governance disclosed in the Corporate Governance Report and assess the explanations given for non-compliance with any requirement of the Code. From our assessment of the disclosures made on corporate governance in the annual report, the Company has complied with the requirements of the Code.

### Independent Auditors' report to the shareholder of IL&FS INVESTMENT ADVISORS LLC

### Use of report

This report is made solely for the Company's shareholders, as a body, in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to the shareholders in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders, as a body, for our audit work, for this report, or for the opinions we have formed.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

#### 1. GENERAL

IL&FS Investment Advisors LLC (the "Company") was incorporated in Mauritius under the Mauritius Companies Act 2001 on 31 January 2006 as a private company with liability limited by shares and holds a Global Business Licence issued by the Financial Services Commission ("FSC"). The Company is also licenced to act as CIS Manager pursuant to the Securities Act 2005. The Company has its registered office and its principal place of business at Apex House, Bank Street, TwentyEight, Cybercity, Ebene 72201, Mauritius.

The principal activity of the Company is to provide investment management services to Tara India Fund III, LLC ("Tara III"), Saffron India Real Estate Fund I ("SIREF I") and the Special Purpose Vehicles of Tara III.

The financial statements of the Company are presented in United States Dollars ("USD").

# 2. APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRSs")

In the current year, the Company has applied all of the new and revised standards and interpretations issued by the International Accounting Standards Board ("IASB") and the International Financial Reporting Interpretations Committee ("IFRIC") of the IASB that are relevant to its operations and effective for accounting periods beginning on 1 April 2022.

### 2.1 Standards and amendments to existing standards effective 1 April 2022

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 April 2022 that have material effect on the financial statements of the Company.

# 2.2 New standards, amendments and interpretations effective after 1 April 2023 and have not been early adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 April 2022 and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Company.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

#### 3. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently over the periods presented except as disclosed in note 2.

### (a) Basis of preparation and statement of compliance

The Company is the holder of a Global Business Licence and in accordance with the Fourteenth Schedule of the Mauritius Companies Act, the Company may avail of the exemption from consolidation for companies holding a Global Business Licence as it is a wholly owned subsidiary of a company.

The Company has a 100% interest in Saffron Investment Trust, represented by Apex Group (Mauritius) Trustees and in accordance with International Financial Reporting Standards is required to present consolidated financial statements. In accordance with the Fourteenth Schedule of the Mauritius Companies Act, Section 12, the Company may not prepare group financial statements as it is a wholly owned subsidiary of another company and, in accordance with Section 211 of the Mauritius Companies Act, Content and form of financial statements, these financial statements present the financial position, financial performance and cash flow of the Company.

Because the Company is a holder of a Global Business Licence and is a wholly owned subsidiary of another company, these financial statements are prepared in accordance with Mauritius Companies Act which allows the use of International Financial Reporting Standards ("IFRS") and interpretations adopted by the International Accounting Standards Board (IASB), except for the standard applicable to Consolidated Financial Statements (IFRS 10).

The financial statements have been prepared on a historical cost except for financial assets measured at fair value through profit or loss and the going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future.

### (b) Basis of measurement

The financial statements have been prepared on the going concern basis using the historical cost convention except for financial assets which are measured at fair value through profit or loss under IFRS 9.

### (c) Critical accounting estimates and assumptions

The preparation of the financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Critical accounting estimates and assumptions (continued)

The preparation of the financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period affected.

Critical accounting estimates and judgements are further disclosed in Note 4.

### (d) Investments in subsidiary

A subsidiary is an entity over which the Company has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or currently convertible are considered when assessing whether the Company controls another entity.

Investment in a subsidiary is initially shown at cost. Where an indication of impairment exists, the recoverable amount of the investments is assessed. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is charged to profit or loss.

On disposal of an investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to profit or loss.

Because the Company is a holder of a Global Business Licence and is a wholly owned subsidiary of another company, these financial statements are prepared in accordance with Mauritius Companies Act which allows the use of International Financial Reporting Standards ("IFRS") and interpretations adopted by the International Accounting Standards Board (IASB), except for the standard applicable to Consolidated Financial Statements (IFRS 10).

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (e) Foreign currencies
- Functional and presentation currency

The financial statements are presented in USD which is also the currency of the primary economic environments in which the Company operates, ("functional currency").

#### • Transaction and balances

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Transactions during that period are retranslated at the average rate. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined.

Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognized in profit or loss in the period in which they arise except for exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore, forming part of the net investment in the foreign operation), which are recognized initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

### (f) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

### Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before tax" as reported in the statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(f) Taxation (continued)

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (g) Revenue recognition

The Company recognises revenue primarily from management fees and performance fees. Revenue is measured based on the consideration specified in a contract with customer. The Company recognises revenue when it provides the service to a customer.

The five step model for revenue recognition is as follows:

- Identify the contract with customers;
- Identify the performance obligations in the contract;
- Determine the transaction price of the contract;
- Allocate the transaction price to each performance obligations in the contracts; and
- Recognise revenue as each performance obligation is satisfied.

### Management fees and incentive fees

Management/advisory fees, fee income and other income are recognised on the accrual basis unless collectability is in doubt. Revenue from material contracts is recognised at the contractual rates. The management/advisory fees are calculated based on the terms specified in the management agreements and advisory agreements.

#### Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

### (h) Expense recognition

All expenses are accounted for in the statement of profit or loss and other comprehensive income on the accrual basis.

### (i) Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(i) Provisions (continued)

When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

- (j) Employee benefits
- (i) Short term employee benefits

A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of a past service provided by the employee and the obligation can be estimated reliably.

- (k) Financial instruments
- (i) Recognition and measurement

The Company initially recognises trade receivables when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) Classification and subsequent measurement

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding ("SPPI").

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (k) Financial instruments (continued)
- (ii) Classification and subsequent measurement (continued)

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding ("SPPI").

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The Company classifies its financial assets as:

- Financial assets measured at FVTPL: Investments
- Financial assets measured at amortised cost: cash and cash equivalent, fixed deposits, trade and other receivables.

#### Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (k) Financial instruments (continued)
- (ii) Classification and subsequent measurement (continued)

Business model assessment (continued)

- the stated policies and objectives for the portfolio and the operation of those policies in practice;
- these include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management; the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

The Company has determined that it has two business models:

- Held-to-collect business model: this includes cash and cash equivalents, fixed deposits and other receivables. These financial assets are held to collect contractual cash flows;
   and
- Other business model: this includes equity investments. These financial assets are managed and their performance is evaluated, on a fair value basis, with frequent sales taking place.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (l) Financial instruments (continued)
- (ii) Classification and subsequent measurement (continued)

Assessment whether contractual cash flows are solely payments of principal and interest ("SPPI")

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract.

Additionally, for a financial asset acquired at a discount or premium to its contractual paramount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement

Financial assets at amortised cost: These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss. Cash and cash equivalents and other receivables are included under this category.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (l) Financial instruments (continued)
- (ii) Classification and subsequent measurement (continued)

Financial assets: Subsequent measurement (continued)

Equity Investments at FVOCI: These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

This category includes all financial liabilities, at amortised cost. The Company includes in this category trade and other payables. These are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

### (iii) Amortised cost measurement

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any loss allowance.

### (iv) Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk. When available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable input and minimize the use of unobservable input. The chosen valuation technique incorporates all of the factors that market participant would take into account in pricing a transaction.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (l) Financial instruments (continued)
- (iv) Fair value measurement (continued)

The Company recognises transfers between levels of the fair value hierarchy as at the end of the reporting period during which the change has occurred. The fair value of the financial instruments that are not traded in active markets is determined by using valuation techniques. The Company has used its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the reporting date.

### (v) Derecognition

#### Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised), and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the statement of profit or loss and other comprehensive income. Any interest in such transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability.

The Company enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

#### Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled, or expire. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(l) Financial instruments (continued)

### (vi) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and it intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis for gains and losses from financial instruments at FVTPL and foreign exchange gains and losses.

There is no offsetting of financial instruments applied as on reporting in the statement of financial position.

### (vii) Impairment of assets

The Company recognises loss allowances for ECLs on financial assets measured at amortised cost.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- financial assets that are determined to have low credit risk at the reporting date; and
- other financial assets for which credit risk (i.e. the risk of default occurring over the expected life of the asset) has not increased significantly since initial recognition.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if its repayment terms has lapsed.

The Company considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held). The Company considers a financial asset to have low credit risk when the amount receivable is with related parties.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (l) Financial instruments (continued)
- (vii) Impairment of assets (continued)

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer; and
- it is probable that the borrower will enter bankruptcy or other financial reorganization.

Presentation of allowance for ECLs in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (l) Financial instruments (continued)
- (vii) Impairment of assets (continued)

Non-derivative financial assets

A financial asset not classified at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence of impairment. A financial asset or a group of financial assets is 'impaired' if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset(s) and that loss event(s) had an impact on the estimated future cash flows of that asset(s) that can be estimated reliably.

Objective evidence that financial assets are impaired includes significant financial difficulty of the borrower or issuer, default or delinquency by a borrower, restructuring of the amount due on terms that the Company would not otherwise consider, indications that a borrower or issuer will enter bankruptcy, or adverse changes in the payment status of the borrowers.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account against receivables. Interest on the impaired asset continues to be recognised. If an event occurring after the impairment was recognised causes the amount of impairment loss to decrease, then the decrease in impairment loss is reversed through profit or loss.

Impairment losses on available-for-sale financial assets were recognised by reclassifying the losses accumulated in the fair value reserve to profit or loss. The amount reclassified was the difference between the acquisition cost (net of any principal repayment and amortisation) and the current fair value, less any impairment loss previously recognised in profit or loss. If the fair value of an impaired available-for-sale subsequently increased and the increase was related objectively to an event occurring after the impairment loss was recognised, then the impairment loss was reversed through profit or loss. Impairment losses recognised in profit or loss for an investment in an equity instrument classified as available-for-sale were not reversed through profit or loss.

### Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- (1) Financial instruments (continued)
- (vii) Impairment of assets (continued)

Fair value measurement (continued)

When available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable input and minimize the use of unobservable input. The chosen valuation technique incorporates all of the factors that market participant would take into account in pricing a transaction.

The Company recognises transfers between levels of the fair value hierarchy as at the end of the reporting period during which the change has occurred. The fair value of the financial instruments that are not traded in active markets is determined by using valuation techniques. The Company has used its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the reporting date. For subsequent measurement of financial instruments, all changes in fair value other than interest and dividend income and expense, are recognised in profit or loss as part of 'net gains or losses on financial assets at fair value through profit or loss'.

#### Amortised cost measurement

The amortised cost of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured at initial recognition, minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between the initial amount recognised and the maturity amount, minus any reduction for impairment.

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating the interest income or interest expense over the relevant year. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability at initial recognition. When calculating the effective interest rate, the Company estimates the future cash flows considering all contractual terms of the financial instruments but not the future credit losses.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(m) Specific instruments

Cash and cash equivalents

Cash and cash equivalents comprise of balance with bank that are subject to insignificant risk of changes in fair value and are used by the Company in the management of short term commitments. Cash flow statement is prepared using the indirect method.

Stated capital and redeemable preference shares

Stated capital are classified as equity. The redeemable preference shares are classified as equity as they are redeemable at the option of the Company and are measured at the present value of the redemption amounts.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

# 4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCRTAINTY

In the process of applying the Company's accounting policies, which are described in Note 3, the directors are required to exercise judgement and also to use estimates and assumptions that may affect the reported amounts and disclosures in the financial statements. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ as a result of changes in these estimates.

Estimations, assumptions and judgements that have a significant effect on the financial statements include:

Determination of functional currency

The determination of functional currency of the Company is critical since recording of transactions and exchange differences arising during the year are dependent on the functional currency selected.

The directors consider USD as the currency which represents most faithfully the economic effect of the underlying transactions, events and conditions.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

# 4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCRTAINTY (CONTINUED)

Determination of functional currency (Continued)

The USD is the currency in which the Company measures its performance and reports its results, as well as its prime transacting currency. It has, therefore, determined that the functional currency of the Company is USD.

### Going concern

The Company's management has made an assessment of the Company's ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

### Revenue recognition

Management has assessed revenue classification based on the 5 step model and determined whether the revenue from various streams of income are recognised either over time or at a point in time. Refer to Note 5 for further details.

Measurement of expected credit losses ("ECL")

The Company applies the simplified approach to provide for ECLs for trade and other receivables and contract assets. The Company uses an allowance matrix to measure ECL of trade receivables from customers.

The Company segregates trade receivables into the following ageing buckets: 0-90 days, 91-120 days, 121-180 days and above 180 days. Receivables above 90 days are considered to be in default. Loss rates for each ageing buckets are calculated using a 'roll rate' method based of the probability of a receivable progressing through successive stages of delinquency to write off. Roll rates are calculated separately for exposures in different segments based on common credit risk characteristics. The Company segments its trade receivables into active funds and inactive funds. Loss rates for each ageing buckets are based on actual credit loss experience over the past three years.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

# 4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCRTAINTY (CONTINUED)

Measurement of expected credit losses ("ECL") (Continued)

The Company then uses an appropriate model to incorporate forward macro-economic factors into the historical loss rates and uses three scenarios (base case, best case and worse case with appropriate weightages) to derive a weighted average forward looking loss rate for each ageing bucket. The Company has considered macro-economic indicators for Mauritius as forward looking economic conditions in the ECL calculation since most of its customers are in Mauritius.

In respect of calculation of ECL on cash and cash equivalents, the Company uses published credit ratings for the relevant financial institutions from an internationally accredited rating agency to derive the probability of defaults to which appropriate models are applied to incorporate forward macro-economic factors and arrive at a forecasted probability of default. The Company uses a loss given default (LGD) percentage based on Basel Convention in its ECL calculations for cash and cash equivalents.

The Company considers the ECL on other receivables to be not material.

## 5. REVENUE

	2023	2022
	USD	USD
Incentive fees	9,744	5,419
Total revenue from contract with customers	9,744	5,419
Interest income	191,546	51,105
Change in fair value	1,349	-
Other income	-	152,526
Total Revenue	202,639	209,050

The nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies.

The Company is entitled to management fees and incentive fees once it provides the investment management services to the fund. As such, there is only one performance obligation for both streams of revenue. Due to the constraint factor, the performance fees has been split as it can only be recognised once the constraint is known.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 5. REVENUE (CONTINUED)

During the year under review, there has been changes to the transaction price of the services provided for certain contracts. This has, however, not changed the performance obligation and the directors concluded that these changes did not give rise to new contracts.

New contracts have been assessed and the Directors have concluded that the nature and timing of the satisfaction of performance obligations in those contracts, including significant payment terms, and the related revenue recognition policies.

### 6. STRATEGIC ADVISORY FEES

The Company has entered into an Advisory Agreement (the "AA") with IL&FS Investment Managers Limited to provide services stated in the AA with respect to with Fund I, Fund II and Tara III. In consideration of the services provided by the Investment Advisor, the Company pays quarterly advisory fees. The advisory fees for the year under review amounted to USD223,179 (2022: USD206,736).

### 7. TAXATION

The Company holds a Global Business License for the purpose of the Mauritius Financial Services Act 2007. Pursuant to the enactment of the Finance Act 2018, with effect as from 1 January 2019, the deemed tax credit has been phased out, through the implementation of a new tax regime. Companies which had obtained their Global Business Licence on or before 16 October 2017, including the Company, have been grandfathered and would benefit from the deemed tax credit regime up to 30 June 2021.

Post 30 June 2021 and under the new tax regime and subject to meeting the necessary substance requirements as required under the Financial Services Act 2007 (as amended by the Finance Act 2018) and such guidelines issued by the Financial Services Commission, the Company would be entitled to either (a) a foreign tax credit equivalent to the actual foreign tax suffered on its foreign income against the Company's tax liability computed at 15% on such income, or (b) a partial exemption of 80% of certain specific income, with the remaining 20% of the income to be subject to a 15% tax, resulting in effective tax rate on of 3%.

Further, the Company is exempted from income tax in Mauritius on profits or gains arising from sale of securities. In addition, there is no withholding tax payable in Mauritius in respect of payments of dividends to shareholders or in respect of redemptions or exchanges of shares.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 7. TAXATION (CONTINUED)

The Company is entitled to a foreign tax credit equivalent to the actual foreign tax suffered on its foreign income against the Company's tax liability computed at 15% on such income subject to meeting certain conditions, which includes;

- a) The Company carries out its core income generating activities in Mauritius;
- b) The Company employs, directly or indirectly, an adequate number of suitably qualified persons to conduct its core income generating activities; and
- c) The Company incurs a minimum expenditure proportionate to its level of activities.

The Company will also need to demonstrate that its central management and control is in Mauritius.

## (i) Tax (asset)/liability

	2023	2022
	USD	USD
Balance at beginning of the year	17,483	(17,483)
Balance at end of the year	17,483	(17,483)

At 31 March 2023, the Company had accumulated tax losses amounting to **USD9,170,831** (2022: USD9,043,635) and is therefore not liable to income tax.

The accumulated tax losses brought forward are valid as follows:

	Tax losses USD	No of years valid for	Expiry date
Year ended 31 March 2019	2,147,278	1	31 Mar 2024
Year ended 31 March 2020	3,211,461	2	31 Mar 2025
Year ended 31 March 2021	1,757,981	3	31 Mar 2026
Year ended 31 March 2022	1,926,915	4	31 Mar 2027
Year ended 31 March 2023	117,453	5	31 Mar 2028
Total	9,161,088		

A deferred tax asset of **USD1,374,163** has not been recognised in respect of the tax losses carried forward as the directors consider that it is not probable that sufficient future taxable profit will be available against which the unused tax losses can be utilised.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 7. TAXATION (CONTINUED)

## (iii) Tax reconciliation

	2023 USD	2022 USD
Loss before taxation	(116,104)	(88,562)
Tax rate at 15%	(17,416)	(13,284)
Non allowable expenses	-	(275,753)
Outside scope of taxation	(202)	-
Deferred tax not recognised	17,618	289,037
Tax expense	_	-

## 8. INVESTMENT AT FAIR VALUE THROUGH PROFIT OR LOSS

Name of company	Country of Incorporation	% Holding	Principal activity	2023 USD	2022 USD
Tara India Fund III, LLC	Mauritius	100% of the Class C and Class D shares	Fund	2	2
Tara Feeder Fund Limited	Jersey	2 Management shares	Fund	2	2
			- -	4	4

The directors are of the opinion that cost reflects the best estimate of the fair value of the investments as at 31 March 2023 as they represent exit value. The shares are not redeemable, confer the holders voting rights in any members' meeting and shall not be entitled to distribution.

On winding up of the investee companies, the Company shall be entitled to receive its paid up capital only. The directors consider the nominal value of the shares to approximate their fair values. The Company's exposure from holding these investments is the management fee income that it has earned. Based on the above, the Company has no control over the above investee companies.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 9. INVESTMENT IN TRUST

	2023 USD	2022 USD
Investment in Saffron Investment Trust (the "Trust")	500	500

The remaining value represents the investment in trust as at 31 March 2023 and is **USD500** (31 March 2022: USD500).

The Company is the sole beneficiary of the Saffron Investment Trust, represented by Apex Group (Mauritius) Trustees (the "Trust") which is established in Mauritius and the directors have assessed that the Company has control over the Trust. As explained in Note 3(a), the Company has availed of the exemption from consolidation in accordance with the Mauritius Companies Act.

The capital contribution represent investment in trust and is of indefinite life and is not subject to amortisation. During the year, the Company did not receive any distribution from the Trust (31 March 2022: 150,000). The residual amount of contribution held in the Trust as at 31 March 2023 amounted to **USD500** (31 March 2022: USD500). The principal object of the Trust is to hold assets for the beneficiary.

### 10. (I) TRADE RECEIVABLES

Other receivables Prepayments

The receivable period is on average from 3 months to one year and no interest is charged on all trade receivables.

A reconciliation of the movements in the provision for impairment of trade receivables account is as follows:

	2023 USD	2022 USD
ECL recognised at year start	-	14,695
Reversal of Expected Credit Loss ECL at year end		(14,695)
10. (II) OTHER RECEIVABLES		
	2023	2022
	USD	USD

116,742	10,115
3,452	4,464
120,194	14,579

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 10. (II) OTHER RECEIVABLES (CONTINUED)

<b>Total Trade and Other Recei</b>	vables	120,194	14,579

Other receivables are unsecured, interest free and are repayable on demand. The directors considered ECL on other receivables as not material.

## 11. CASH AND CASH EQUIVALENTS AND FIXED DEPOSITS

	2023	2022
	USD	USD
Fixed deposits*	8,500,000	5,750,000
Cash at bank	125,636	83,574
_	8,625,636	5,833,574

<sup>\*</sup>Fixed deposits represent deposits having a maturity of less than 3 months from year end.

The Company also has a fixed deposit balance of USD1,750,000 (2022: USD4,750,000) which represents deposits held with AfrAsia Bank Limited and SBI (Mauritius) Ltd for more than 3 months.

### 12. STATED CAPITAL

	2023	2022
	USD	USD
Balance at beginning of the year	57,001	57,001
Balance at end of the year	57,001	57,001

The ordinary shares provide the rights to receive distribution and payments on winding up of the Company and voting rights. Each Ordinary Share of the Company entitles the holder the right to vote on any matter to be considered by the shareholders generally. All the Ordinary Shares are held by the holding company, IL&FS Investment Managers Limited, incorporated in India.

## 13. REDEEMABLE PARTICIPATING SHARES

	2023	2022
	USD	USD
100,000 redeemable participating shares of USD0.01 24,999,900 redeemable participating shares—series I of	1,000	1,000

--------------------------------	---------	---------

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

#### 15. FINANCIAL RISK MANAGEMENT

#### 15.1 Introduction and Overview

The Board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of directors oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Company has exposure to the following risks from financial instruments:

- · credit risk
- liquidity risk
- market risk

The Company's investing activities expose it to various types of risks that are associated with the financial instruments and the markets in which it invests. The Company is mainly exposed to market risk, credit risk and liquidity risk.

This note presents information about the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

#### 15.2 Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has a policy of only dealing with credit counterparties as a means of mitigating the risk of financial loss from defaults.

### Exposure to credit risk

The Company's maximum credit risk exposure at the reporting date is represented by the respective carrying amounts of the relevant financial assets in the statement of financial position. The risk on these exposures are summarised below:

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 15. FINANCIAL RISK MANAGEMENT (CONTINUED)

## 15.2 Credit risk (continued)

Exposure to credit risk (continued)

	2023	2022
	USD	USD
ASSETS		
Other receivables	106,998	10,115
Fixed deposits	1,750,000	4,750,000
Cash and cash equivalents	8,625,636	5,833,574
	10,482,634	10,593,689

The other receivables consist of interest receivable on fixed deposits.

### Cash and cash equivalents

Bank balances are kept in reputable financial institutions. The bank balance is currently held with Absa Bank (Mauritius) Limited ("Absa"), AfrAsia Bank Limited ("AfrAsia) and SBI (Mauritius) Ltd ("SBI"), reputable institutions whose exposure to credit risk is considered minimal as it has a global scale deposits rating of BA2 from Moody's for Absa, A+ from Fitch for AfrAsia and Baa3/P3/Stable(m)/D+ from Moody's for State Bank of India which is the parent company of SBI.

## Expected Credit Loss assessment

The Company applies the simplified approach to provide for ECLs for all trade receivables and contract assets. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs. The Company uses an allowance matrix to measure the ECLs of trade receivables.

### Amounts arising from ECL

Impairment on cash and cash equivalents and other receivables has been measured on a 12-month expected losses basis and reflects the short maturities of the exposures. The Company considers that these exposures have low credit risk based on the fact the amounts are due from related parties.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

### 15. FINANCIAL RISK MANAGEMENT (CONTINUED)

### 15.2 Credit risk (continued)

Amounts arising from ECL (continued)

The Company monitors changes in credit risk on these exposures by tracking published external credit ratings of the counterparties. To determine whether published ratings remain up to date and to assess whether there has been a significant increase in credit risk at the reporting date that has not been reflected in the published ratings, the Company supplements this by reviewing available press and regulatory information about counterparties.

Offsetting financial assets and financial liabilities

The Company has not offset any financial assets and financial liabilities in the statement of financial position.

## 15.3 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company maintains sufficient cash to address any liquidity risk that may arise.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

Maturity profile of financial liabilities

2023	Up to 1 year USD	Total USD
Non- interest bearing instruments:		
Trade and other payables	246,165	246,165
	246,165	246,165
2022	Up to 1 year	Total
	USD	USD
Non- interest bearing instruments:		
Trade and other payables	232,384	232,384
	232,384	232,384

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 15. FINANCIAL RISK MANAGEMENT (CONTINUED)

#### 15.4 Market risk

'Market risk' is the risk that changes in market prices, such as interest rates, foreign exchange rates, equity prices and credit spreads (not relating to changes in the obligor's/issuer's credit standing) will affect the Company's income or the fair value of its holdings of financial instruments.

### Foreign currency risk

The Company's financial assets and liabilities are denominated in USD and most transactions are made in USD. The Company receives management fee income from Yatra Capital Limited, a Euro fund whilst the reporting currency of the Company is in USD. The transactions of the Dubai branch are undertaken in UAE Dirhams ("AED"). The Company is, therefore, exposed in movement of the USD/AED exchange rate.

	Financial	Financial	Financial	Financial
	Assets	Liabilities	Assets	Liabilities
	2023	2023	2022	2022
	USD	USD	USD	USD
Mauritian Rupee	959	_	21,222	_
US Dollars	8,624,677	246,165	10,576,935	232,384
Total	<u>8,625,636</u>	<u>246,165</u>	10,598,157	232,384

Directors have set up a policy to require management of foreign exchange risk against their functional currency. The Company is required to cover its entire foreign exchange risk exposure. Foreign exchange risk arises when future commercial transactions or recognized assets or liabilities are denominated in a currency that is not the entity's functional currency. Foreign currency exposure arising from transaction in MUR are not material and hence, sensitivity not disclosed.

Interest income from bank deposits may fluctuate in amount, in particular due to changes in interest rates. However, the Company has entered into fixed deposit agreements with Absa Bank (Mauritius) Limited at fixed interest rates. ABSA is a reputable institution whose exposure to risk is considered minimal as it has a credit rating of P-1 from Moody's. The Company is not exposed to interest rate risk on its financial assets or liabilities. The interest rate profile of the Company's interest bearing financial instruments is as follows:

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 15. FINANCIAL RISK MANAGEMENT (CONTINUED)

## 15.4 Market risk (continued)

Interest rate risk (continued)

	2023	2022
	USD	USD
Fixed-rate instruments		
Financial Assets	10,250,000	10,500,000
	10,250,000	10,500,000

Price risk

The Company has invested in the management shares of Tara Feeder Fund Limited and other classes of shares in Tara. The shares of the investee companies are held for strategic rather than trading purposes. Directors are of the view that the nominal amount reflects the fair value of the investments.

### 15.5 Capital risk management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. As part of its capital risk management policies, the Company reviews the capital structure to ensure that it has an appropriate portion of net debt to equity. The capital structure of the Company consists of redeemable participating shares, stated capital and retained earnings.

The Company is required to maintain an unimpaired capital of MUR1 million (approximately USD30,000) in accordance with the Securities Act 2005. The unimpaired capital of the Company at the reporting date was **USD10,257,908** (31 March 2022: USD10,383,756). Hence, the Company meets the requirement as established by the Securities Act 2005 and Securities (Collective Investment Schemes and Closed-end Funds) Regulations 2008.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 16. FINANCIAL RISK MANAGEMENT (CONTINUED)

### 15.6 Fair values

The Company's financial assets and financial liabilities include fair value of investments through profit or loss, cash and cash equivalents, fixed deposits, trade and other receivables, and trade and other payables. The carrying amount of these approximates their fair values.

The classification of the financial assets and liabilities per IFRS 9 category are as follows:

2023	Financial Assets	Fair Value	
	at Amortised Cost	through Profit or Loss	Total
Financial Assets:	USD	USD	USD
Fair Value through Profit or Loss	USD	4	4

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 15. FINANCIAL RISK MANAGEMENT (CONTINUED)

## 15.6 Fair values (continued)

The table analyses financial instruments measured at fair value at the end of the reporting year by the level in the fair value hierarchy into which the fair value measurement is categorised:

	Level 1 USD	Level 2 USD	Level 3 USD	Total USD
31 March 2023 Fair Value through profit or loss			4	4
31 March 2022 Available for sale investments			4	4

The financial instruments not measured at fair value through profit or loss are short-term financial assets and financial liabilities whose carrying amount approximates fair value and hence no fair value hierarchy table has been disclosed.

## 16. RELATED PARTY TRANSACTIONS

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 17. HOLDING COMPANY

The directors regard IL&FS Investment Managers Limited, a company incorporated and listed in India as the Company's holding company.

### 18. GOING CONCERN

The Company's management has made an assessment of the Company's ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

## 19. EVENTS AFTER THE REPORTING DATE

There are no subsequent events post the reporting date.
