Dr Archana Hingorani, Chief Executive Officer, IL&FS Investment Managers, said, “In a consistently deteriorating environment, the Company continues to exhibit a stable performance and continues to focus on delivering returns to its investors. The country has faced its worst quarter in nine years. This combined with a weakening rupee has had an impact on the operating environment for the Company. Whilst we expect that in the short to medium term the stress that we have seen in the past few quarters will continue to impact performance, the long term fundamentals continue to be strong. The Company is focusing on the basics and ensuring that it is in a strong position to take advantage of the potential improvement in the operating environment”

**INVESTMENTS**

During the quarter, IIML invested ₹ 247 Crores across companies in the verticals of Infrastructure and Real Estate. Inspite of a challenging market scenario and a slowing economic climate, IIML was also able to record exits/partial exits of ₹ 65 Crores. The Company continues to work with several investee partners to ensure that further exits can be undertaken as market conditions improve
